

## Missouri Limited Large Customer Economic Development Rider Criteria

### Purpose

Encourage industrial and commercial business development in Evergy Missouri territory and retain existing load where possible.

### Incentive Value

When the new load is projected to be at least 300 kW but less than 10 MW, the discount will be 35% and shall apply for five (5) years.

A ten year option is also available for projects greater than 10MW. When the new annual load is projected to be more than 10 MW, the discount percentage shall be determined such that the customer's total bill is expected to provide revenues equal to 120% of the Company's variable cost to serve the customer's account. Discount shall apply for ten years.

### Eligibility Criteria

1. The EDR is available only in conjunction with local, regional and state and federal economic development activities where an incentive has been offered and accepted by the customer to locate a new facility, or retain existing facilities in a competitive expansion process in the Evergy Missouri Service Territory.

- If the project is an expansion of existing facilities, only the new/incremental electric load is eligible to receive the EDR.
- A new facility is defined as a customer's facility that has not received electric service in Evergy's combined service area within the last twelve (12) months.

2. The peak demand is reasonably projected to be (300) kW , but not more than (10) MW with an annual load factor of at least 45% within two years after the contract has been enforced.

OR

3. The peak demand is reasonably projected to be greater than (10) MW with load an annual factor of 55% within two years after the contract has been enforced.

4. New/expanded load must be separately metered unless determined infeasible by Evergy.
5. Applicable base rates: MGS, LGS, LPS.
6. Revenues received from a Customer must be greater than the applicable incremental cost to provide electric service as determined by Evergy.
7. Limited to industrial or commercial facilities whose product or service is not primarily sold directly to the local retail market.
8. EDR is not available in conjunction with any other special contract arrangements with Evergy.
9. A completed EDR application must be returned to Evergy prior to a project announcement.
10. The customer is responsible for notifying Evergy Economic Development to commence the EDR discounts.

An estimated initial starting date for the EDR needs to be stated on the application. However, the customer has six (6) months from the date the permanent meter is installed to commence the EDR discounts. This provides the customer time to fully establish their operations prior to the EDR taking effect.

**Greater than  
300kW/45% annual  
load factor**

**35% discount  
for 5 YEARS**

**35% YEAR 1**

**35% YEAR 2**

**35% YEAR 3**

**35% YEAR 4**

**35% YEAR 5**

**Greater than  
10MW/55% annual  
load factor**

**Variable discount  
based upon the  
calculation  
for 10 YEARS**
